Roof Vent

Louvered Column Cap CASTOR Type CRL-SH

# CASTOR

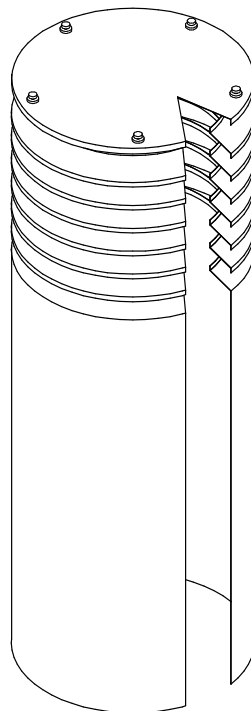

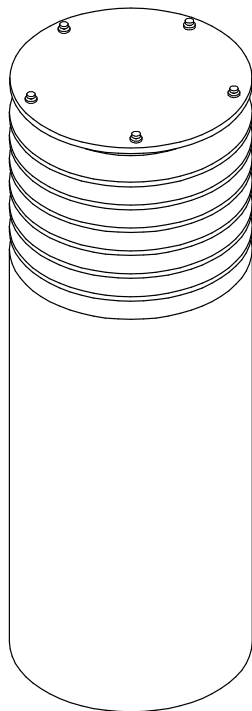

## Roof Vent

The high quality of our products for air and climate technology systems is well-known in the industry.

Our louvered column cap CASTOR **Type CRL-SH** was specifically designed for use in comfort ventilation systems.

As a result, it can be easily deployed in natural settings.

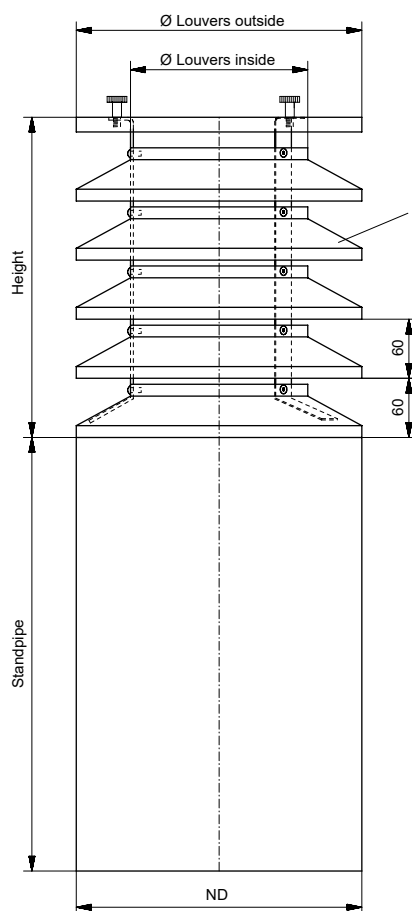

# CASTOR

## Roof Vent

CASTOR is available in all standard building metals and in any conceivable configurations, as both the number of louvers, the diameter, and the length of the riser pipe are variable and therefore freely selectable.

### Dimensions of Louvered Hat in mm

ND	Louvers - Ø outside	inside	Number of Louvers	Height	Free Vent Cross- Section m <sup>2</sup>	Factor Pipe/ Vent
